My Portfolio

SUMMARY

Passionate and dedicated Information Technology student at Mindanao State University - Iligan Institute of Technology (MSU-IIT), majoring in the Database Track. Specializing in developing programs using Java and Python programming language, with a background in writing and journalism. Exposing myself to the world of IT to gain experience and create something that matters.

PROJECTS AND EXPERIENCES

VoiceED Project | Co-Founder & Lead Developer
April 2026 - Present

- Co-developed a responsive student support and empowerment web platform using HTML5, CSS3, and JavaScript
- Designed intuitive UI/UX layouts and managed continuous deployment via GitHub Pages to align campus safety and collaboration features with the UN Sustainable Development Goals (SDGs 3, 4, 10, and 16)

DEVCON Philippines | Volunteer (DEVCON Outreach Program & Nexus AI Hackathon)
August 2026

- Facilitated operations across a two-day regional caravan, supporting community outreach initiatives on Day 1 and coordinating floor logistics, participant routing, and event facilitation for the Nexus AI Hackathon on Day 2.

The Motherboard (CCS Student Publication) | Publication Manager
August 2026 - Present

- Direct publication operations and multi-channel digital distribution by managing cross-functional workflows across editorial, design, and photography teams under strict project deadlines.

Solar Suds (Automated Hygiene System) | Hardware & Firmware Developer
December 2025 - Present

- Prototyped a solar-powered contactless dispensing unit incorporating an infrared proximity sensor, relay actuation, and LCD status feedback.
- Programmed debounce algorithms and anti-abuse lockout timers to conserve battery efficiency and optimize resource usage in off-grid conditions.

EDUCATION

Expected Graduation: July 2029

Mindanao State University - Iligan Institute of Technology (MSU-IIT)
Bachelor of Science in Information Technology (Database Track)

- CGPA: 1.55
- Awards: Dean’s List
- Development Bank of the Philippines (DBP) Scholar
- Relevant Coursework: Fundamentals of Database Systems, Information Management, Data Engineering Essentials

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management, Git/GitHub Version Control, and Java & Python Programming
- **Soft Skills:** Collaborative Teamwork, Technical Writing, Flexible, and Constantly Curious
- **Languages:** English, Cebuano, and Filipino
